

Monday 6th October 2025

Move through the maze by jumping 1, 10 or 100 more or less.

→	437	473	314	431	441	→
	438	448	446	430	304	
	383	348	464	330	310	
	394	338	339	329	392	
	349	317	359	309	381	

Draw hands on the clock to show ten past 5.

Tick to show if each sentence is present perfect or simple past.

	present perfect	simple past
I have forgotten my keys.		
He gave some money to charity.		

Write three things we learn about the contents of the box.

Emma opened the box and peered inside. She stared in amazement at what lay before her eyes. It was set on a plush, velvet cushion and sparkled in the sunlight. Even after all these years it looked pristine.

Is it your day for TTRS?

Read your book and quiz if you need to.

Monday 6th October

TBAT: practise joining consistently.

Write the following spelling words in your handwriting books -
think about the joins from last week (diagonal and horizontal).

apply

rhyme

supply

cycle

identify

python

occupy

hygiene

multiply

hyphen

A series of horizontal lines for handwriting practice, consisting of solid top and bottom lines with a dashed midline. There are five sets of these lines, providing space for writing the words listed on the left.

Can you put these words into a sentence?

6.10.25

TBAT- measure lengths in mm and convert to cm.

1) $56 \times 10 =$

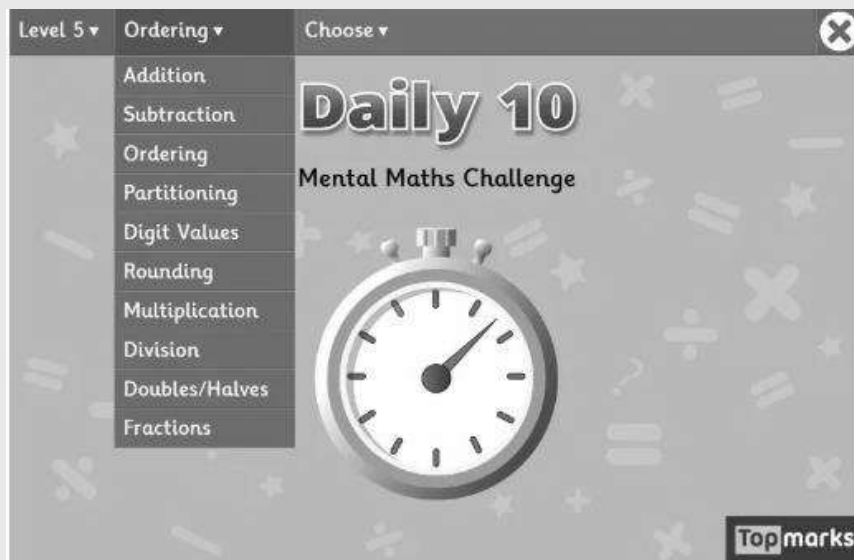

2) $\text{£}2.60 - 0.80\text{p} =$

3) I had a jug filled with 120ml. I split it equally into two bottles. I then shared it equally again between two glasses. How much water will be in each glass?

Challenge: $\frac{4}{5} \times 600 =$ $\frac{1}{9}$ divided by 8 =

Daily 10

x 9s

Daily 10 - Mental

TBAT- measure lengths in mm and convert to cm.

Blue

$$3.4 \times 10 =$$

$$75 \text{ divided by } 10 =$$

Challenge: $45\text{mm} \times 10 =$ _____ cm

How can we convert mm into cm?

Green

$$67 \text{ divided by } 10 =$$

$$11.3 \times 10 =$$

Talk partners:

How many mm are in 1cm?

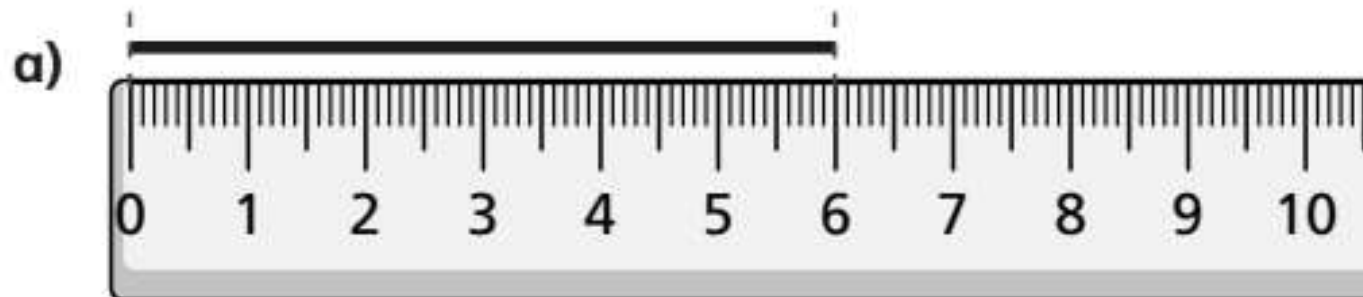

30 mm = _____cm

11cm = _____mm

60mm = _____cm

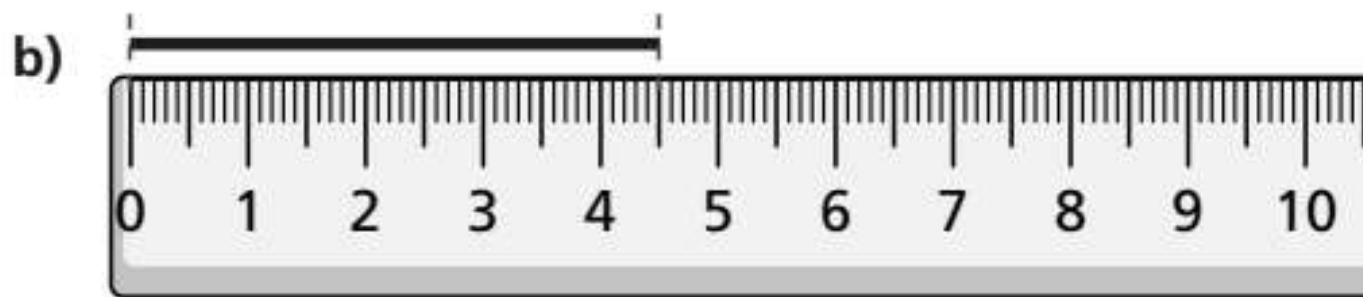

15cm = _____mm

Challenge: Give an example of when you would measure in mm.

cm

mm

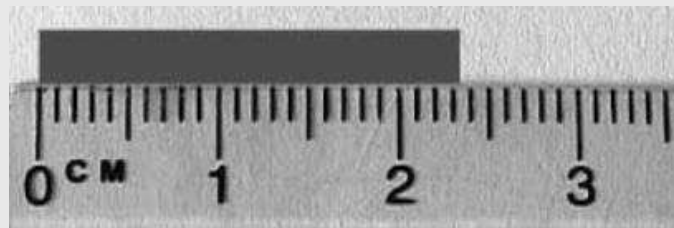

cm

mm

Draw a small line in your book.

Now measure it.

Be accurate as your partner will check.

Steps to success for accurately measuring:

Independent:

1) Write the conversions into your book.

20 mm		
35 mm		
40 mm		
120 mm		

Measure each creature and write the length in millimetres and then in centimetres. Use the red dots to help you.

6 Eva and Amir are measuring the length of a paper clip.

Eva

I'm going to measure it in millimetres.

I'm going to measure it in centimetres.

Amir

a) Whose unit of measure is more appropriate? _____

Explain your answer.

b) Amir has measured the length of the paper clip as 0.8 cm.

What answer will Eva get in millimetres?

 mm

Challenge:

Susan measures a pen and says that it is 111cm.

Ben measures the same pen and says it is 111mm.

Who do you think is correct and why?

Mastery:

The depth of a plank is 15 mm.

12 of the planks are stacked on top of each other.

What is the depth of the stack of planks?

Give your answer in mm, cm and m.

Assembly - 10am

Monday 6th October

TBAT: retrieve information from the text and understand authors use of language.

3 in 3

Imagine a place filled with golden deserts, colourful markets, and delicious food—wouldn't you love to explore it? Morocco is a country that will take your breath away. You can ride camels across endless sand dunes, taste mouth-watering tagines, and wander through streets bursting with life. The sights are magical, the people are welcoming, and the adventures are unforgettable. So why wait? Morocco is the trip of a lifetime!

1. What three exciting things can you do in Morocco, according to the text?
2. How does the writer use a rhetorical question to make the reader think?
3. Which words or phrases show the writer's feelings about Morocco?

Monday 6th October

TBAT: retrieve information from the text and understand authors use of language.

Have you ever dreamed of exploring a country full of adventure, beauty and culture? Then Indonesia is the place for you!

Firstly, Indonesia is home to some of the most breathtaking landscapes in the world. From sparkling beaches, to towering volcanoes, to lush green rainforests, you will never run out of things to see. Wouldn't you love to stand on a golden beach while the sun sets in front of your eyes?

Secondly, the wildlife in Indonesia will amaze you. You could see orangutans swinging through the jungle, colourful fish swimming beneath you as you snorkel, and even the famous Komodo dragons that live on special islands. These incredible animals, which cannot be found anywhere else in the world, will make your trip unforgettable.

Monday 6th October

TBAT: retrieve information from the text and understand authors use of language.

Finally, Indonesia has a rich culture that you will want to experience. You can try delicious food, learn traditional dances, and meet people who are friendly, welcoming and proud of their country. You should definitely take part in a local festival because it will be an experience you will never forget.

So, what are you waiting for? Indonesia is exciting, beautiful and unique. You must visit this amazing country—you will not regret it!

Monday 6th October

TBAT: retrieve information from the text and understand authors use of language.

Multiple choice questions

1. Indonesia is home to some of the most...

Stunning scenery

breathtaking landscapes

amazing views

2. These incredible animals will make your trip...

Unforgettable

memorable

boring

3. Taking part in a local festival will...

Be a disaster, an experience you will never forget, occupy your time

Monday 6th October

TBAT: retrieve information from the text and understand authors use of language.

Retrieval

1. Name three types of landscapes mentioned in Indonesia.
2. Which animals are highlighted as special to Indonesia?
3. What are some cultural activities visitors can try in Indonesia?
4. What makes watching the sunset on an Indonesian beach special?
5. Why are the animals in Indonesia described as unforgettable?
6. How are the people of Indonesia portrayed in the passage?

Monday 6th October

TBAT: retrieve information from the text and understand authors use of language.

Authors use of language

1. Find an example of emotive language in the text.
2. What is a rhetorical question, and which sentence in the text is one?
3. Identify a sentence that uses the "power of three."
4. Find an example of an adjective the author uses to describe Indonesia's landscapes.
5. Which word in the text suggests that the wildlife in Indonesia is colourful and full of life?
6. Identify a persuasive word or phrase the author uses to encourage the reader to visit Indonesia.

Monday 6th October

TBAT: retrieve information from the text and understand authors use of language.

Challenge

How does the author persuade the reader to want to visit Indonesia? Use examples from the text to support your answer.

Mastery

Analyse how the author combines descriptions of landscapes, wildlife, and culture to create a convincing argument for visiting Indonesia. Which techniques make the text most persuasive, and why?

Outcome

TBAT- describe how search engines select results.

search engine

a tool that finds websites based on the search term used

index

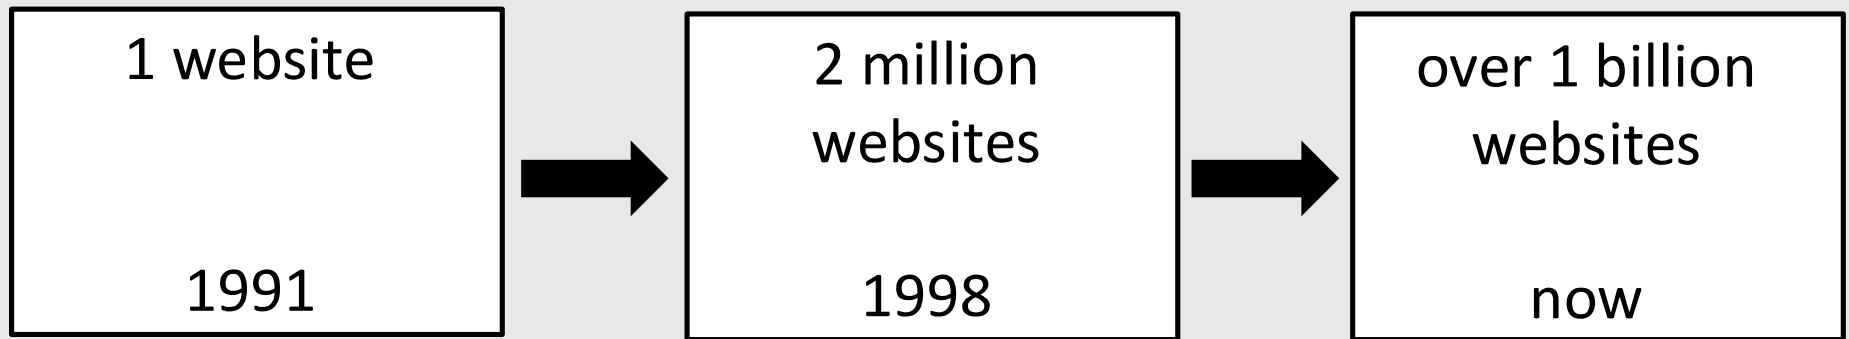

a big catalogue, where search engines store web page information so they can find it later

web crawler

a program that visits websites and collects information to help create a search engine's index

The internet has billions of websites.
This makes it difficult to find what we are looking for
without a **search engine**.

The amount of websites has increased significantly since the World Wide Web was created.

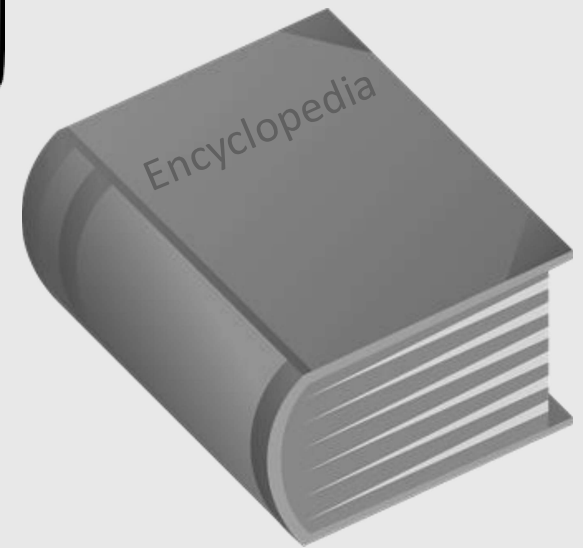

Aisha

I want to find out more about rabbits. How can I find the information without the internet?

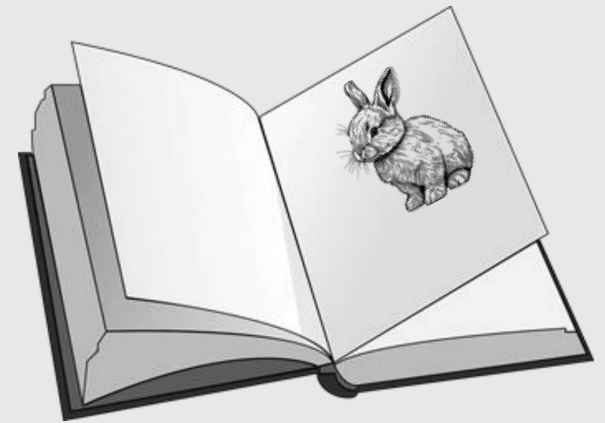

An encyclopedia can help you.

How can information be found in an encyclopedia?

If you are searching for something in an encyclopedia, it is best to go straight to the **index**.

The **index** is an alphabetical list of everything in the book. You can search it for 'rabbits' and it would give you the page number. This makes it easier to find the correct page.

Identify how web crawlers create an index

Using an **index** helps you to find information quickly and saves time.

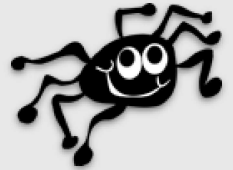

Search engines also use an **index**.

Identify how web crawlers create an index

Search engines use programs called **web crawlers** to create an **index** of the web.

The **indexes** are stored on a big system of computers called a data centre.

Data centres are large buildings filled with computers that store **search engine indexes**.

Identify how web crawlers create an index

Check

What do **web crawlers** create?

a

a new website

b

a **search engine**

c

an **index** of websites

d

a list of passwords

Identify how web crawlers create an index

Check

True or false?

A **search engine** looks through every web page on the internet when you search.

T True

F False ✓

Why?

A **search engine** just searches its **index**.

Task A

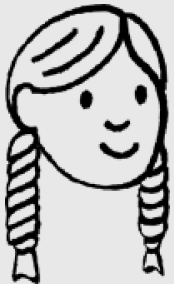

Identify how web crawlers create an index

1) Imagine you are a **web crawler**.

- Write down five objects in the classroom.
- List where each object is found.
- Swap your **index** with someone else and try to find their objects.

2) Explain how **web crawlers** create an **index**.

Laura

What happens when you search?

When you type a search term, the **search engine** looks at its **index** for the best matches. It does not scan the entire internet at that moment.

Some searches return more results than others.

Some words appear a lot in the **index**, which means more results are shown.

If you search 'dog', it will show millions of results.

True or false?

Adding more words to a search can help narrow the results.

T True ✓

F False

Search engines try to show the most relevant results first.

Some of the ways the results are sorted:

1. how many times the word appears
2. how trusted the website is
3. how recent the page is

The internet has billions of websites so finding what you are looking for is difficult without a **search engine**.

Search engines use programs called **web crawlers** to create an **index** of the web.

When you type a search term, the **search engine** looks at its **index** for the best matches. It does not scan the entire internet at that moment.

Monday 6th October 2025

PE - football

TBAT: apply defending tactics as a team.

This half term in P.E will be football and fitness

- Changing for PE
- Rules and expectations moving to PE
- Move to the downstairs hall or outside

Get Set 4 PE - Lesson Plan -5 for Year 5 Football
