TBAT: create a Christmas-themed Vector drawing.

# Grouping and copying

1. Open up a copy of the drawing.

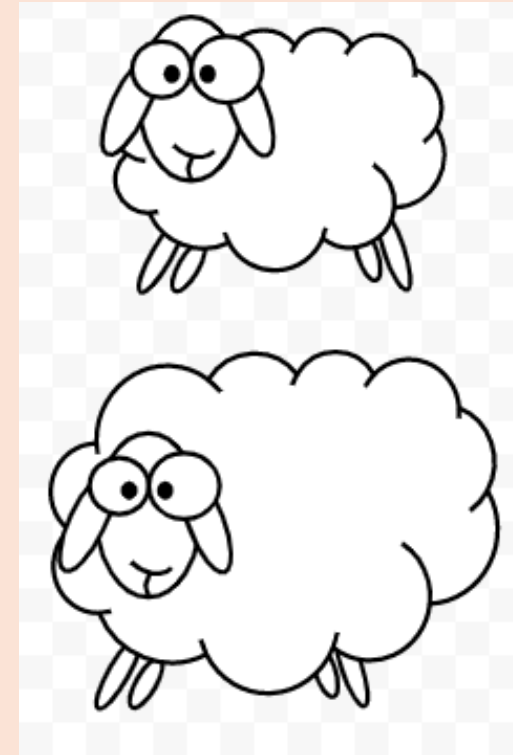

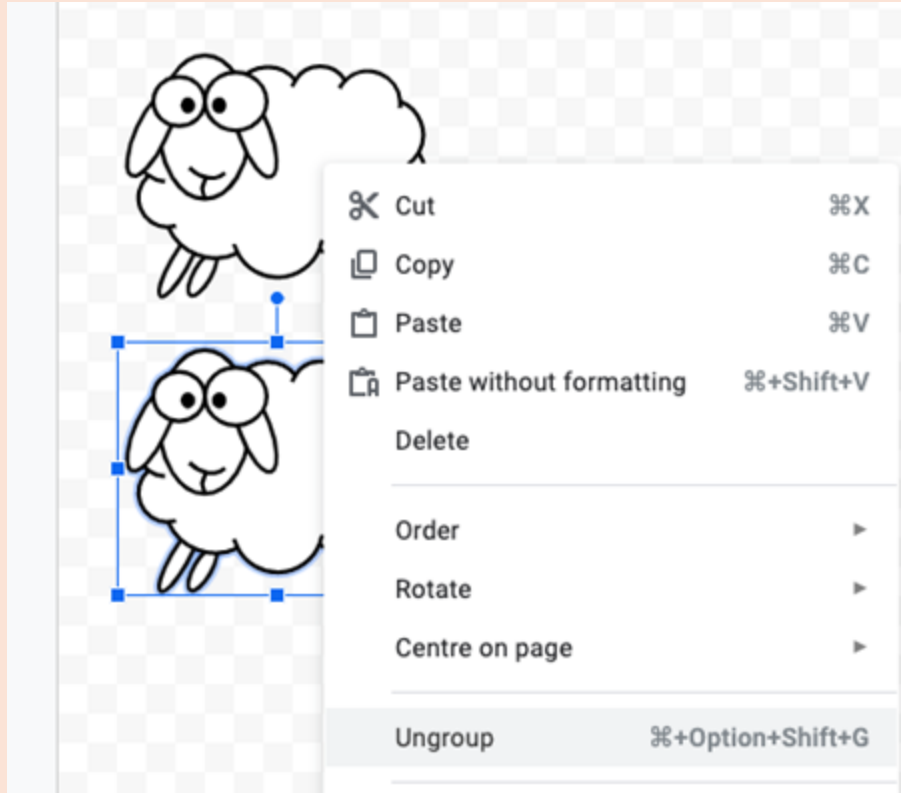

[ncce.io/flower](https://ncce.io/flower)

2. Group the objects together and copy and paste them. Create a bouquet of flowers.

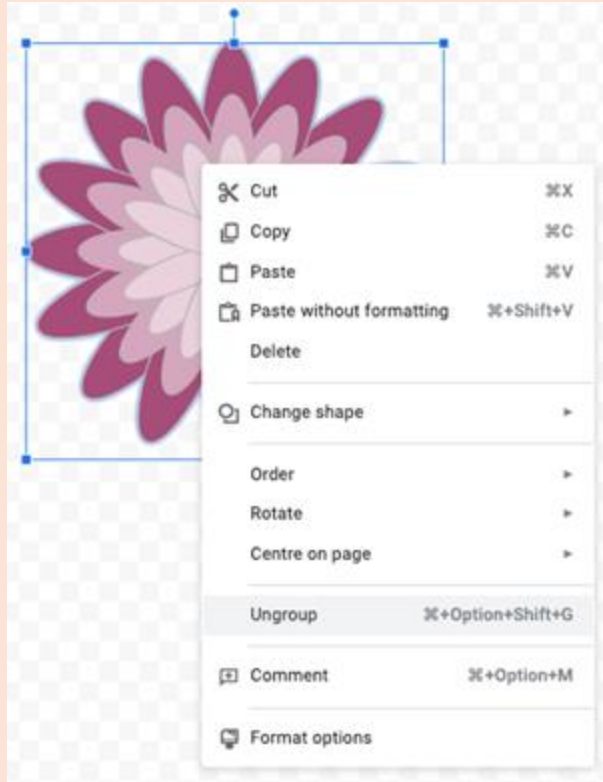

You could make some sheep smaller or fluffier

Remember to group the drawing again after you've made a change. Otherwise the next time you move it, you might lose a part of it!

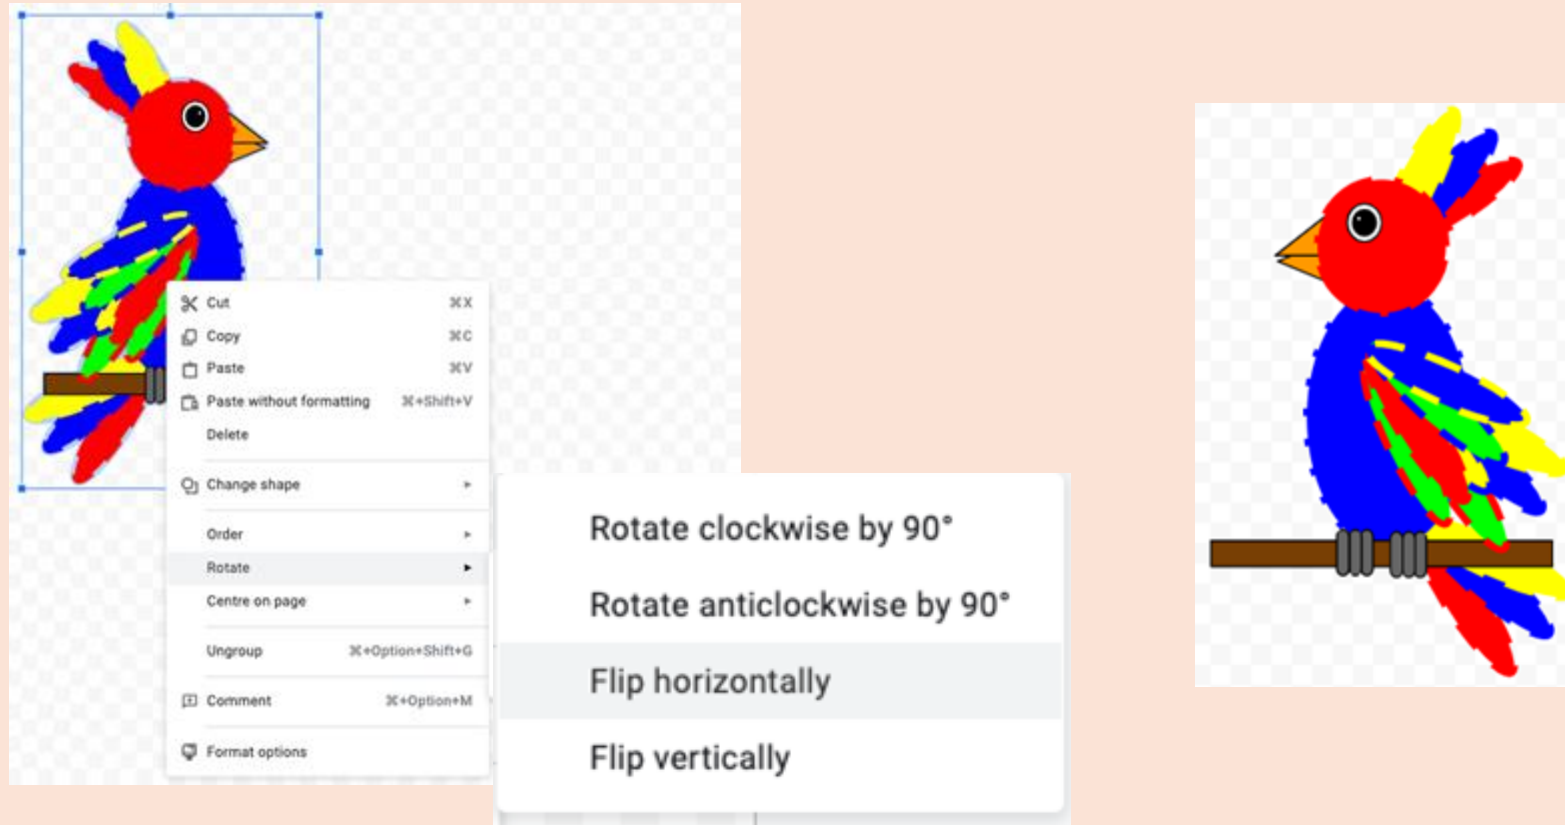

You could make some flowers different colours

Remember to group the drawing again after you've made a change. Otherwise the next time you move it, you might lose a part of it!

You could make some parrots look in another direction

If you select **Rotate**, there is the option to flip a drawing. Flipping an image is like looking in a mirror. It can make the object look the other way!
